Save Even More with a Custom Quote!

We'd like to share SOME SECRETS that could possibly save you even MORE than the specials offered here. All you need to do is call us **NOW** for a custom quote.

AS A CUSTOM FLOORING MILL, we work within the confines of daily fluctuating prices for the available harvest of the kiln-dried old growth hardwoods and softwoods used in the production of our customers' flooring orders. AND, because much of what is available may not meet the stringent standards we've set, it is a challenge for us to come up with a price list that lets you know what is available to you at the most favorable pricing on any given day. The result is our Standard Price List you see in this flyer. **BUT, YOU MAY DO BETTER!**

EFFICIENCY IS THE KEY TO LOWER PRICING: Our Standard Price List covers all contingencies for material waste during production. It also anticipates market pricing for hard/softwood species, insuring that we do not under-price our products when it comes time to fulfill an order. You may benefit if you allow us to establish pricing for a SPECIFIC REQUEST. You may want to know if we can provide what you want within the timeframe you need it. Or you may want to know if we can offer a product at a fixed price point which would meet your needs.

AN EXAMPLE: We recently had a request for all nominal 6" wide White oak flooring in a clear grade and long lengths of 6' to 12'. This would fall under our "Classic" White Oak product which is listed @

\$9.91 per square foot. However, because we were able to match the customers specific request with available material that would result in very little waste during production, they made their purchase @ \$5.93 sq/ft...a savings of \$3.98 and an overall savings of \$3,781 on their 950 square foot order. They were happy and so were we.

MEETING YOUR PRICE may not always be possible. We will try our best to align your budget with one of the many beautiful plank flooring products we produce. We want to join your team and be a part of your project, **BUT WE NEED YOU TO CALL UP AND ASK!** As we say..."put us to work for you". We often have savings available such as the nominal **5" Character White Oak offered here**. This is a beautiful product with light character and wonderful long lengths. Over the last 3 years, well over 200,000 sq/ft has been delivered to customers with nothing but praise for its beauty and quality. **Typically listed at \$7.55, it is offered here @ \$3.99 sq/ft.!**

CALL TODAY! We are privileged and proud to have over 2 million square feet of our specialty plank flooring gracing customer's homes across this country and abroad. We'd like you to be one of our customers and will do all we can to make that happen.
